**NEWS RELEASE OF THE "POPULATION PROJECTIONS, 2013-2075"  
WILL BE PUBLISHED ON FEBRUARY 14, 2013 AT 10:00.**

TurkStat renewed the population projections, which was last produced using 2008 Address Based Population Registration System (ABPRS) and Turkey Demographic and Health Survey. New projections are based on 2012 ABPRS results and the records of the Central Civil Registration System (MERNIS).

Population projections are renewed due to improvements on the birth and death data obtained from registration systems, formation of a serial of migration statistics from ABPRS and to meet the national and international needs.

Population projections are produced officially for the first time at single ages and provincial level. Besides, alternative population projections reflecting different fertility variants were made.

The results and the explanations with regard to the new population projections will be announced to the public with a press conference in İstanbul, on **February 14, 2013.**

Announced to the public with respect.
